Summary

Accomplished Full Stack Developer with over 10 years of industry experience, specializing in both front-end and back-end technologies. I have an established track record of leveraging my technical skills to bolster the digital presence of businesses ranging from small startups to mid-sized companies.

My comprehensive skill set includes:

1. Front-end Technologies: React.js, Angular, Vue.js, TypeScript, Nuxt.js, Next.js, Three.js, Web3.js, D3.js, Gatsby.js, HTML5, CSS/CSS3, SCSS, JavaScript, jQuery, Bootstrap, and Tailwind.
2. Back-end Technologies: NodeJS, Laravel, PHP, Ruby, Go, Perl, Codeigniter.
3. Database Management: MongoDB, NoSQL, MySQL, PostgreSQL, and Algolia.
4. Server-side Technologies: Python, Django, Flask.
5. AWS Services: Lambda, Redis, S3, SES, SNS, SQS, EC2, and ECS.
6. Other Proficiencies: Azure, DevOps, Microservice Architecture, ASP.NET, C#, Java, mobile development with React Native, Swift, Ionic, Firebase, Docker, and version control tools like Github, Gitlab, Bitbucket.

As a Full Stack Developer, my goal is to translate business needs into high-performing, scalable, and robust digital solutions. I utilize my technical expertise, creative vision, and deep understanding of the latest trends to elevate your business's online presence.

Throughout my career, I have demonstrated an ability to translate business needs into powerful digital solutions, leveraging technical expertise, project management skills, and a deep understanding of the latest trends. Passionate about problem-solving and committed to ongoing learning, I am ready to tackle new challenges and drive your digital success.
